

ZENTRA Project Whitepaper

1. Executive Summary

ZENTRA is a blockchain-based project deployed on the Somnia Network, introducing the ZENTRA token with a maximum supply of 100 million tokens. The project focuses on NFT-based access for token farming, community-driven growth, and sustainable ecosystem development. ZENTRA's vision is to create a reliable platform where NFT holders can participate in reward farming while contributing to the broader Somnia ecosystem.

Planned exchange listings are scheduled for early 2026, positioning ZENTRA as a key utility token with practical use-cases for its community.

2. Problem Statement & Solution

2.1 Problems in the Current Ecosystem

- **Limited utility of NFTs** – Many NFT projects do not provide tangible benefits beyond collectible value.
- **Inefficient reward systems** – Users are often not fairly incentivized for participating in ecosystem activities.
- **Access challenges** – Engaging with new blockchain projects, especially those involving farming rewards, can be complex for the average user.

2.2 ZENTRA Solutions

- **NFT Access System:** NFT holders gain exclusive access to token farming rewards.
- **Reward Boosters:** Specialized NFTs increase the amount of farming rewards by 50% or 100%.
- **Fair Distribution Mechanisms:** Presale and airdrop initiatives ensure equitable allocation of tokens.

- **Somnia Network Support:** Leveraging a secure and efficient blockchain infrastructure for all transactions.

3. Token Details

- **Name:** ZENTRA
- **Symbol:** ZENTRA
- **Total Supply:** 100,000,000 ZENTRA
- **Network:** Somnia

4. Tokenomics

Allocation	Percentage	Tokens
Farming NFT Reward	45%	45,000,000
Airdrop	10%	10,000,000
Liquidity	15%	15,000,000
Team	5%	5,000,000
Marketing	10%	10,000,000
Presale	15%	15,000,000

Distribution Notes:

- **Farming NFT Reward (45%):** Allocated to NFT holders who participate in farming.
- **Airdrop (10%):** Initial token distribution to community members.
- **Liquidity (15%):** Reserved to ensure healthy market liquidity post-launch.
- **Team (5%):** Allocated for core team incentives and long-term commitment.

- **Marketing (10%):** Community growth, partnerships, and promotion.
- **Presale (15%):** Early access sale for investors and supporters.

5. NFT Utility

- **NFT Badge:** Enables holders to participate in farming rewards.
- **NFT Booster 50%:** Increases farming reward efficiency by 50% for holders.
- **NFT Booster 100%:** Increases farming reward efficiency by 100% for holders.

Important: NFTs are minted directly. Holding these NFTs grants eligibility to farm ZENTRA tokens, enhancing engagement and reward potential.

6. Potential Exchange Listings

- OKX
- KuCoin
- Binance

These listings aim to support a transparent and accessible trading environment for all community members.

7. Roadmap

Quarter	Milestone
Q4 2025	NFT Minting & Farming Launch
Q1 2026	Token Listing on Exchanges

Q2 2026	Community Expansion & Strategic Marketing
Q3 2026	Ecosystem Partnerships & Cross-Platform Integrations

8. Ecosystem & Utilities

- **Farming Portal:** Web-based dashboard allowing NFT holders to monitor and claim token rewards.
- **Presale & Airdrop Distribution:** Mechanisms designed for fair and transparent token allocation.
- **Community Engagement:** Active presence on Twitter, Telegram, and OpenSea for real-time interaction.
- **Somnia Network:** Fast, secure, and scalable blockchain infrastructure supporting all project activities.

9. Team & Contact

- **Project Name:** ZENTRA
- **Social Media & Links:**
 - [Twitter](#)
 - [Telegram](#)
 - [OpenSea Collection](#)
 - [Somnia Network](#)

Team Focus: Developing NFT-based utility, maintaining token farming infrastructure, and fostering a strong, engaged global community.

10. Risk & Disclaimer

Investing in digital assets involves inherent risk. ZENTRA does not guarantee financial returns and is not liable for any potential loss resulting from participation in this project. All participants should conduct their own research (DYOR) before engaging in token purchases, NFT minting, or farming activities.
